COMPLETE SHOWER KIT

Expressions wall kits include everything you need to rejuvenate an existing shower space including, 3 wall panels and 2 color-coordinated inside corner trim pieces.

IDEAL FOR REMODEL AND NEW CONSTRUCTION

Ideal for remodeling. Wall panels glue right over existing surfaces. Installation is easier than installing tile. Also ideal for new construction.

SCRATCH RESISTANT

Hygienic, non-porous compression molded solid surface material whose beautiful, smooth surface is scratch and impact resistant as well as being impervious to mold and mildew.

SIMPLE INSTALLATION FINISHED EDGES

Wall panels are simple to install, adaptable to your space because Expressions walls can be cut to size. Beveled outside edges of wall panels are factory-finished for easy installation.

TRIMMABLE WALL PANELS

Expressions wall panels are offered in 72" and 96" heights, as well as several widths, and are trimmable for a custom fit.

EXPRESSIONS COMPOSITE MATERIAL

Constructed of hygienic, non-porous compression molded solid surface material whose beautiful, smooth surface is scratch and impact resistant as well as being impervious to mold and mildew.
